

MAMTA MODERN SR SC SCHOOL  
NURSERY PLANNER FOR THE MONTH OF SEPTEMBER  
NURSERY

CIRCULAR NO: - MMS/2017-18/31

*"Volunteers are a gift to the community"*

*Our kids spent the whole of last month learning the importance of green world in their life with great zeal.*

*It is important to know about the people who have occupations that make our lives better. In the month of September the children will learn that every work is important and every worker works hard to make it special. We need the help of many people to fulfil our needs and make our life comfortable.*

*Some of them are doctors, policemen, teachers etc.*

*A community cannot feed itself for long. It can flourish with the coming of others.*

*Children will also be introduced to the shopping mall through the class activity 'Let's Shop'.*

*Every year our school provides a platform for the children to showcase their hidden talent. In this month they will be preparing for their annual function "RHAPSODY". The children will get an opportunity to flaunt themselves and mesmerize their parents. Dates for Rhapsody will be intimated later.*
