

## REPORT

### WORKSHOP ON MATHS

A Mathematics workshop was conducted on 28 June 2017 by Mr. Rajesh, a Mathematics consultant from Jiwan Publishing House. The workshop was aimed at teaching each child by taking into consideration four kinds of learners the Visual, Audio and kinesthetic. He talked about ways to create and maintain interest while teaching Mathematics. Importance of flipped class was discussed which we all really felt is useful in the learning process. The atmosphere was brimming with energy as the teachers got involved in various hand on activities.

In a nutshell, it was an enriching experience and it set the tone for the beginning of a satisfying teaching learning experience.
