

WORLD HAPPINESS DAY

13 July 2017 was marked with happiness and laughter in Mamta Modern as World Happiness Day was observed and celebrated in the school premises. The tiny tots of class I took the initiative to spread the message of helping and sharing which brings utmost happiness to oneself.

The programme kick started with the presentation of stick puppets and badges of Smileys to the management. A variety programme that included song, dance and a humorous poem left the audience mesmerized. It is well said that charity begins at home, so through a short skit the students presented that helping our elders and family members is the essence of true happiness.

The programme concluded with inspiring words of the Principal, Ms. Pallavi Sharma.
