Circular No: MMS/2018-19/11

Date: April 02, 2018

"For every child who succeeds, it's because there's somebody there to show him the way out".

Dear Parents,

Hearty congratulations on the promotion of your ward to the next class. It is with immense pleasure that we welcome our children to the new session. It is that time of the year when the enthusiastic mind will be engaging in some intellectually, stimulating and creatively satisfying experiences there by honing their skills. Keeping in pace with the new technology and keeping in mind the holistic development, by bringing out each child's latent talents, our school has been chosen by the NITI AAYOG to set up an ATAL TINKERING LAB in the school premises where in the children will be given ample opportunities to experiment and explore new things. A Solar Plant and Water Harvesting pit has been put up in our school for conservation purpose and to educate our children to be eco-friendly and be aware of the environment around them. Our school leaves no stone unturned to reach the zenith and in the previous year, Mamta Modern became the proud recipient of the Best School Trophy by Directorate of Education. With your continued support and cooperation, we assure that we will have a magnificent school year ahead.
