

# **MAMTA MODERN SR SEC SCHOOL**

## **PREP PLANNER FOR THE MONTH OF JULY**

**CIR NO-MMS/2018-2019/26**

**“Every child learns, not the same day or the same way”**

*We welcome back our little shining stars after a happy and a wonderful summer break. Hoping that during the vacations, the kids had a happy time with their family and friends, we assure you that we are going to have a great time together again.*

*In the settling month of April and May, the little champions learned about various shapes and colours. A close and a strong parent child bond helps a child discover himself better and have a happy life. Now is the time for them to learn and also be aware of their own self, different body parts and the five sense organs alongwith their functions through activities like “Complete the Face”, “Matching the body parts with their actions” and many more. The children will also learn about the importance of family alongwith the vital role that each member plays in a happy family.*

### **Competitions:**

13 July: Frame the family (Children will draw and colour the picture of their family members in sketch book already submitted in the school. Parents are requested to give practice to the child for the same). Kindly send the colours.

### **Assignments**

<b>Dates</b>	<b>Subject</b>
12 July	Maths
