“The key to greener planet is in our hands”

Dear Parents,

To instill personal and social responsibility towards safeguarding trees and forests in students of Mamta Modern School, the school has taken an initiative “ *Go Green*”. To promote afforestation, we are celebrating Van Mahotsav Week, from July 1 to July 7, by conducting a plethora of activities mentioned below. The focus of this celebration is towards forming a personal connect among the students and plants through a process of experience, reflection and creation.
