Dear Parents

In the present situation where the virtual classes are being conducted to keep regularity in the academic and co-curricular activities of the students, we seek your co-operation and support. To ensure a positive outcome of the learning process of our children, specially in the primary classes, regular monitoring and assistance from the parents is required while the classes are virtual.

We appreciate the parents' support in this regard and further request you that your assistance in the class should promote or aid in learning of the child and not a direct handholding.

It has been observed that some parents bring in queries or complaints directly in the classes which leads to a disturbance of the entire class. To maintain the dignity of the class and the teacher, it is requested that you reach out for the same to the concerned teacher after the class is over.

Incase you need to contact the wing coordinator or the headmistress, you can post your concern directly to them on the chat box of your child's class Teams.

Seeking your co-operation.

Regards

Principal
