Dear Parents,

"All time books and no play makes jack a dull boy".

To make learning a fun and an engaging endeavor, the school has planned an array of activities that will help widen the child's physical and intellectual boundaries. It will empower them to enjoy the freedom to experiment, explore and embrace leadership qualities and hone their innate talent.

Parents are requested to read the list of activities and choose three in preferential order, Keeping in mind the interest and ability of their child. Your child will be enrolled in **one activity only**. Each activity will have maximum of 40 students. Once the activities are chosen, no change will be entertained during the academic session. We introduce the following clubs in Nursery and Prep. Kindly select from the following activities-
